What is the Chandler C³ Program?

The Chandler C³ Program is a partnership between the Chandler Police Department, multi-family housing community manager(s), landlord(s), staff member(s), and resident(s) working cooperatively to create safer communities with a greater quality of life.

The Chandler C³ Program is integrated with elements of the “Crime Free Multi-Housing” (CFMH) program, Mesa’s TriStar Program, Crime Prevention Through Environmental Design (CPTED), a trespass enforcement program, crime fighting tools, and communication with three levels of participation.

The program is designed to foster community relationships, reduce criminal activity, and decrease calls for service at the multi-family housing properties. By following the steps outlined in the Chandler C³ Program, you can create an atmosphere that is more desirable for your residents and make the criminal element feel uncomfortable being, or conducting business, on the property.

There are three levels to the Chandler C³ Program. Each level builds on the prior and has a list of specific requirements that must be met to be certified as an individual participant and certified property for that level in the program. The requirements for the three levels and their benefits are described below.

The Chandler C³ Program will:

- Provide a training handbook, online testing, resources, and direct communication with the Chandler Police Department Crime Prevention Officer for your location.
- Provide daily activity reports when criminal activity is reported on the property.
- Identify tools utilized to reduce crime related problems in multi-family housing communities.
- Provide the flexibility for you to choose your level of participation in one or all three levels of the program.
- Provide important information and tips to support the owner/management teams of the multi-family housing properties in maintaining a safer environment.
- Offer tools that encourage residents to participate in crime prevention strategies that support a safer community to work, live, and thrive.

Program Renewal Requirements

The renewal requirements are simple.

- Individual: Based upon the desired level, the community manager/owner, assistant manager, maintenance supervisor, and/or leasing agents are certified every one or two years by retaking the online course.
- Property: Property must maintain minimum program requirements for level of participation (ex. Crime Free Lease Addendum, Trespass Enforcement Program, etc.).

Memorandum of Agreement

The Chandler C³ Program is only effective when the Chandler Police Department is working together in partnership with our multi-family housing communities. Together, we can reduce crime, provide a safer environment, increase the overall quality of life, and improve your client density and longevity. It is the mission of the Chandler Police Department “*To provide a safe community where people can live, work and thrive.*”

The Memorandum of Agreement is a written commitment of the partnership that states the requirements of the program. The agreement is signed prior to receiving Level 1 property certificates. A copy of the Memorandum of Agreement is available in Appendix A.

Crime Free Lease Addendum to Application

The Crime Free Lease Addendum is a vital part of the Chandler C³ Program and illustrates an effort to keep illegal activity off rental properties. The Crime Free Lease Addendum was developed to give reasonable notice to new residents (at the time they enter into the rental agreement) about activities or behaviors that contradict community rules, regulations, lease agreements, or state statutes. The Crime Free Lease Addendum is a civil contract between a managed property/landlord and tenant whereby, prior to taking occupancy, the rental applicant agrees to abide by the rules of the community and not to participate in or allow criminal activity to occur on or near the property. The Crime Free Lease Addendum is one of the tools used to make this program successful. Use of the Crime Free Lease Addendum was expanded with the revision of A.R.S. §33-1368. This document is available in English and Spanish in Appendix B and Appendix C.

To qualify as a program participant, the property **must** utilize the Crime Free Lease Addendum and it **must** be signed by all adults listed on the lease. You may want to attach the lease addendum to the top of each application you provide to prospective tenants so they have a chance to read it **BEFORE** completing the rest of the application. It is important that you are consistent in this practice with everyone interested in renting at your community. Advising your prospective tenants that you utilize and enforce the addendum and conduct background checks may deter a criminal element from applying. If the application and background checks are clear and you extend the invitation to rent, you **must** have them formally sign the Crime Free Lease Addendum. The Crime Free Lease Addendums are located in the back of this handbook (Appendix B for English and Appendix C for Spanish.)

Helpful Hints

The application: Before accepting the application from the prospective tenant, look it over and ask yourself...

Is it complete?

What did the applicant write?

Does the information make sense?

If incomplete, the applicant may have disqualified themselves. If they are not willing to initial or sign ALL parts of the application, you may not need to go any further with the process. Follow your management policy as it pertains to proof of identification when completing an application.

The **Fair Housing Act** protects the following seven classes:

- | | | |
|-------------|--------------------|----------------------|
| 1. Race | 4. Sex | 7. Disabled/Handicap |
| 2. Religion | 5. National Origin | |
| 3. Color | 6. Familial Status | |

You may not discriminate against a prospective tenant or resident for any of the above reasons; however, a criminal history is not one of them. Providing written rental criteria to prospective renters up front will save you time and allow the applicant to prescreen themselves and save them any fees. Remember, as long as you use the same procedure for ALL applicants, you are being fair.

As a matter of **safety**, it is important you have a procedure to follow when you are showing an apartment and the property grounds to a prospective tenant. Ask for a valid Driver's License or other acceptable form of government-issued identification, and verify the photo is the prospective tenant. If you are showing an apartment, photocopy their identification and leave it in a known, safe place in your office. Also, notify an employee that is working on the property that you are showing a prospective tenant a specific apartment and the grounds. This information can become very important if something were to happen to you while showing the property to this person. **THINK SAFETY!**

Criminal History/Background Checks

Property owners and community managers are not required, but are strongly encouraged, to conduct criminal history/background checks on prospective tenants. There are several options available to you, but the Chandler Police Department does not recommend or endorse any companies. It is up to you and your owner/management company to choose the right screening company to meet your rental criteria needs.

NOTE: *When you get felony history, consider the criminal charge. A felony bad check writer does not necessarily constitute a bad tenant; however, a misdemeanor possession of drugs or domestic violence charge may! It is up to you to identify what you want to consider and what your company is willing to risk. You should consult with an attorney that specializes in Multi-Family Housing law to help establish rental criteria and a policy on tenant screening.*

Trespass Enforcement Program

The rental property is required to participate in the Chandler Police Trespass Enforcement Program. The program is renewed *biannually* and consists of three parts:

- 1) Agreeing to and signing the terms of the Trespass Enforcement Request
- 2) Posting highly visible “No Trespassing” signs at the entryways (*Signs place everyone on notice that trespassers will be prosecuted*)
- 3) Maintaining an on-site Trespass Enforcement Warning Log

NOTE: Trespass Enforcement only applies to common areas of the property such as offices, community centers, parking lots, retention basins, parks, playgrounds, and pools. If a subject cannot prove a nexus to the property or resident at the property, the subject will be trespassed by the Chandler Police Department on behalf of the property owner/management team as outlined in the Trespass Enforcement Request agreement.

Once the Trespass Enforcement Request is signed by the property owner/manager, it authorizes officers of the Chandler Police Department to act as agents of the property owner/manager to enforce the provisions of A.R.S. §13-1502 - Trespassing. Officers of the Chandler Police Department are specifically authorized to make reasonable requests to leave of any persons in or on the premises at a time or in a place wherein the premises are not open to the public, or if the subject does not have a nexus to the property. Furthermore, the officers are authorized to act as agents of the property owner/manager to arrest and prosecute any persons who refuse a reasonable request to leave given by the officers. A reasonable request to leave may be made in person or by the posted “**NO TRESPASSING**” signs, which gave reasonable notice prohibiting entry on to the property. The property owner/manager is also required to maintain a Trespass Enforcement Warning Log. It documents the subject’s name, date of birth, physical description, date/time of incident, report number, and investigating officer.

NOTE: The statement “**Violators will be prosecuted under A.R.S. §13-1502**” must be printed on the sign, in both English and Spanish. Signs must be placed at entryways and be highly visible.

(Trespass Enforcement documents are available in Appendix D and Appendix E.)

Resident Communication

Communication with all interested parties is the key tool to the success of this program. Since multi-family housing residency is highly transient, it is difficult to get everyone, all at once, to an annual safety and crime prevention meeting. To ensure the lines of communication are open, a method of communication must be established by the property owner/manager at least on a quarterly basis. The communication can be in the form of a flyer, newsletter, email, or website. The goal is to share up-to-date information with your communities on topics of safety and current criminal trends specific to the area, and to offer crime prevention information, resources, and tools, all of which lend to the improvement of general awareness, quality of life, and crime reduction.

Proof of communication must be provided to your Crime Prevention Officer at the time of inspection.

NOTE: *The Chandler Police Department publishes a variety of crime prevention literature that is available on www.ChandlerPD.com. Feel free to download the literature for distribution.*

Daily Report of Calls for Police Service

The Daily Report of Calls for Police Service is a tool for the property owner or community manager to aid in establishing cause for violations of the Crime Free Lease Addendum. Without this information, it is difficult to know which tenants are committing crimes, therefore, affecting an eviction. The report will also help to establish violations of the community Rules and Regulations, therefore, serving the appropriate non-compliance notices. It is highly encouraged that you obtain a copy of the police report and check with your legal representative prior to taking any eviction action.

The property owner/manager is emailed a list calls for service daily. The calls for service will show all crime related activity and some quality of life topics occurring at the property address for the previous 24 hours.

The following information is included in the report:

Report Number	Date/Time	Call Type	Location
---------------	-----------	-----------	----------

After reviewing the calls for service, the property owner/manager can request additional information from their Crime Prevention Officer or the Crime Prevention Unit Specialist to determine if a police report request is necessary to support the Crime Free Lease Addendum eviction process. (The Crime Prevention Unit contact information is included at the end of this manual.)

Property Inspection

The property inspection is one way for the Crime Prevention Officers to assess adherence to the Chandler C³ Program. This inspection will cover some administrative requirements, security, lighting, and resident communication. It is conducted at least once during the certification period. This is an opportunity for the Crime Prevention Officer to meet with the owner/management team to discuss any matters related to the Chandler C³ Program and ensure compliance with program level requirements. The Crime Prevention Officer will complete the C³ Program Inspection form and provide/email a copy for the property's records. Based upon the inspection, the Crime Prevention Officer determines the programmatic level of compliance and will adjust it, if necessary. Depending on the nature and severity of the non-compliance, the property may be placed on probation; and the owner/management team will be provided a reasonable amount of time to correct the noted deficiencies to maintain their current program level requirements. If a property fails to meet the program level requirements by the provided compliance date, the property will be removed from the program, or the level of compliance will be adjusted. (The program inspection checklist is available in Appendix F.)

Program Non-Compliance Terms

Chandler C³ Program participants are placed on probation if they do not meet the terms outlined in the Memorandum of Agreement and/or the program level requirements. The probationary period is a reasonable amount of time for the owner/management team to correct the noted deficiencies to meet the program requirements. The Crime Prevention Officer will work with the owner/management team and guide them through the probationary period. If the owner/manager chooses not to correct the deficiencies, continuously fails to maintain program level requirements, or simply does not want to participate in the program any longer, the Crime Prevention Officer will decertify the community, reduce their level, and remove the property from the C³ Program. C³ Program signs and certificates shall be returned to the Chandler Police Department within 30 days of the program termination.
